MEMORANDUM FOR: Acting Deputy Director (Intelligence)
SUBJECT: All-Source Information Support Center,
Relocation of ORR/OG/Sov

1. In line with the regrouping and consolidation currently planned in the establishment of the All-Source Center, it is noted that ORR/OG/Sov is scheduled to move from its present location to the CIA/PID Headquarters Liaison area, Room 5G28. In view of the critical space situation at Langley, and in recognition of the work performed by the ORR group and its close relationship, if not identification, with photo interpretation, it is suggested that the proposed relocation be to the CIA/PID area in Building 213.

2. This proposal would have been made many months ago had NPIC been occupying its new quarters rather than those in the Steuart Bldg. It is my feeling that the work presently being carried out by the ORR group can be supported best in the CIA departmental photo interpretation area at NPIC and that, furthermore, the very extensive film holdings used by the group and maintained at Langley can best be preserved and cared for at NPIC which was designed for this purpose.

3. If you concur in my recommendation for the relocation of the ORR group, my staff is prepared immediately to accommodate such a move.
